Standard 40x8mm
Standard 40x12mm
Standard 40x15mm
Ride 40x18mm
Hi-Hat Clutch 24x10mm
Hi-Hat Seat 50x9mm

CYMPAD is an incredible, affordable and easy to use system for optimizing the sound and performance of virtually all cymbal sizes, types and brands. Available in a choice of popular models— and recommended for any drumming style or situation—CYMPAD is specially designed and meticulously manufactured to protect your cymbals, improve your feel and, most importantly, optimize your sound.

- **Foam Is Better Than Felt**

CYMPAD's advanced, premium-grade, cellular foam is consistent in size, thickness and density—allowing CYMPAD cymbal pads to conform to the shape and size of each cymbal while providing more natural cymbal support.

- **Peak Performance From The Bottom Up.**

CYMPAD's improved suspension system not only improves cymbal sound, it isolates the cymbal from stands and mounting hardware to reduce vibration transmission and eliminate unwanted noise. Soft and flexible but strong, CYMPAD pads also provide a smoother, more comfortable feel on Rides, Crashes, Hi-Hats and Effects cymbals.

- **The Professional's Choice.**

More and more of today's top drummers rely on CYMPAD. Visit your favorite drumshop or music store or go online to www.cympad.com today to learn how a little CYMPAD can make a big difference in your drumming, too.
